How To Install W3Schools Offline By Ahmad Asy SyafIQ

download source w3schools from
http://devel.dinustech.com/aboe/materi/?dir=2021/PEM-WEB/

download w3schools.zip and extract it

unzip w3schools.zip

create simple web server with python

python -m http.server --directory w3schools/ 8989

open 127.0.0.1:8989 url with googlr-chrome or other like browser

installation, done
